

H8 rearview mirror product specification

- 1、 **Product Name:** rearview mirror
- 2、 **Model:** H8 rearview mirror
- 3、 **standard, certification:** FCC,PSE,ROHS,CE
- 4、 **Product application range:** Applicable to Vehicle-mounted
- 5、 **product image:**

6.Parameters

Item		Specification
SOC	SOC Model	SA230L
Cameras	Front Camera	335PK (1440P) wide-angle: 140° F=1.8
	Back Camera	HF-5070J (1080P) wide-angle: 135°
video resolution	Front Camera	2560*1440P
	Back Camera	1920*1080P
Video Format	Front Camera	TS
	Back Camera	TS
PIC Format	Front Camera	JPG
	Back Camera	JPG
MIC	on PCBA	
Speak	Soldered onto the motherboard	electronic wire L=60mm
Power	ACC	DC 12V
WIFI connect	Support	Wind Recorder APP
assisted driving	Support	ADAS, BSD Choose one to open
time-lapse video	Support	Enter time-lapse video recording after ACC is turned off
Memory Card	TF Card	(Class 10 or above, with a maximum support of 128G)
Parking surveillance	Support	optional
collision lock	Support	optional
loop recording	seamless loop recording, without missing a single second	
Storage temperature	(-30~80°C)	
Working temperature	(-20~70°C)	
Workinghumidity	15~65%RH	
light frequency	50Hz、60Hz	
Voice control	Support	Chinese
button cell	PCBA	
Parameter	material	ABS+PC+AI
	Color	black
packaging parameters	Box dimensions	
	weight (including the weight of the packaging box)	
Packing List	dash camera	1
	car charger	1
	Cables 5M	1
	Back Camera	1
	rubber band	2
	Instruction Manual	1
	Accessories	screws*2
