Supply chain improvement & entrepreneurship

**Product Description:** This dual socket is designed for cars, trucks, boats, RVs, and off-road vehicles. It provides a neat and secure installation for two power modules such as cigarette lighter sockets, USB chargers, or voltmeters. Made from high-strength ABS plastic, the panel is durable, heat-resistant, and corrosion-proof. Each socket hole features a rubber cap to protect against dust and moisture, ensuring reliable performance even in outdoor environments.

### **Specification:**

Product name: Power Supply Female Socket

Model: YJ-DS1011

Size of product: 9.8cm\*7.8cm\*5cm

Weight: 100g

Input voltage: 12V

Output: 5V, 3.1A

IP rating: IP64

Certificate: CE, RoHS

Manufacture: Dongguan YuJie Electronic Technology Co., Ltd.

### **Packing information:**

1pc/plastic case

50pcs/carton

Size of carton: 55\*45\*33CM

GW: 5.40 kgs/ctn.
