Supply chain improvement & entrepreneurship

**WENZHOU HAIZHAN ELECTRIC CO., LTD.**

**Product:** Bus bar insulator (with screws)

**Model:** SM-40M8

**Product performance**

Operating temperature: - 40°C ~ 140°C

Material: unsaturated polyester tree glass fiber reinforced compressive plastics (BMC) (SMC).

Nuts material: brass, iron.

**Mosaic**

Nut specification: M8 (options: M10)

Screw hole depth: 10.5mm (M10: 13.5mm)

**Strength**

Axial tension: 3000N

Bending resistance: 5000N

Tightening torque: 15N/m

**Insulation property**

Insulation resistance: > 1500mΩ

**Electrical properties**

Working voltage: 600V

Pulse voltage: 5000V

Leakage current at 2000V Working Voltage: < 1mA

Withstand voltage: 10KV

**Standard:**

EN60243-1: 2013

**Manufacture:** WENZHOU HAIZHAN ELECTRIC CO., LTD
